## SUMMARY

- I am a miner who focuses on geotechnics
- In my latest project I am a working for my undergraduate thesis about "slope stability analysis and slope geometry recommendations"

## SKILLS

- **Proficient:** -Slope Stability Analysis And Slope Geometry Design  
-Rockscience Software: Slide V 6.0, Dips and Geostudio 2012
- **Exposure:** -

## PROJECTS

- Evaluation Of Slope Geometry Using Probabilistic Method At PT. Semen Padang, West Sumatera, 2019

## EXPERIENCE

July 2018 - August 2018

- Optimization Of Digging And Loading Equipment In West Banko Mine Pit 3 PT Bukit Asam Tbk as an intern

August 2019 - October 2019

- Evaluation Of Slope Geometry Using Probabilistic Method At PT. Semen Padang, West Sumatera, 2019 as an intern

## EDUCATION

September 2015 - December 2020

**Institut Teknologi Medan** - *undergraduate in Mining Engineering*

## AWARDS

- Pertamina Certificate, Workshop: Pertamina Goes To Campus
